Curt Wood

When Covid's gone, we'll know when
To sing again, this group of men
But there'll be no doubt
We will shout it out
Happy Days Are Here Again!

Gray Poehler

The Marketing Guy

The Chapter leadership is excited at the prospect of resuming in-person rehearsals. The tentative date is October 14. We are aware of your safety concerns and are in the process of developing a reopening protocol to ensure a safe environment for our members and guests. The protocol will be announced shortly.

Speaking of guests, plans are in the making for a "Virtual Guest Night" on Thursday, September 30. We will be reaching out to our patrons, friends and neighbors via email, social media and local newspapers. We believe the time is right to offer an alternative to people who love to sing but whose choirs and musical ensembles have shut down due to the pandemic.

So, if you know of someone who fits this description I encourage you to reach out to them to register for the Virtual Guest Night. Soon, you will receive an invitation that you can pass along. The guest night format will be a bit different from the usual Thursday Zoom rehearsal. It will include a bit of history of our chorus, an explanation of the barbershop style and clips of the chorus and chapter quartets.

We will also have a few surprises!!!

This is an event you do not want to miss. It is important that we all participate so that our guests are impressed with our commitment. So, even if you have not participated in the past, PLEASE do your chapter a favor and log in on September 30 at 6:50 PM.

Put-in-Bay Barbershop Quartet Singers Return

The Annual Put-in-Bay Barbershop Quartet Show at Perry's Monument Visitors Center, is set for Friday, August 13th, at 7 p.m.. The program will showcase approximately 20 talented quartets from around Ohio, Michigan and Pennsylvania. Each foursome will share 2 songs each. Close to 100 singers will combine for a grand finale. The program is presented to the public free of charge, with sponsorship provided by The Lake Erie Islands Nature and Wildlife Center.

The Put-in-Bay Barbershop Singers have performed at Perry's Peace Memorial for over 70 years. Guests are encouraged to bring a lawn chair. A limited amount of chairs will be available. In case of rain the concert will be moved to nearby Mother of Sorrows Catholic Church.

Larry Leonard
One CRACKED Peanut

The Peanut Gallery

Well, I must say that the Olympics were not as joyous as I had hoped. First off, I fell off the balance beam, and then I dropped the shot put on my left foot. From there, my flippers floated away during the backstroke; and I missed a two foot putt on the 18th, leaving me in last place. I do indeed seek full redemption, and I have picked our Zoom rehearsal on September 30.

If you don't see me early on, I'm the tall good looking fellow in the upper left hand corner humming pole cats! In the meantime, I'm off to harvest the wheat, feed the livestock, chase away some critters in the back forty, and wash a few windows in my hundred room mansion. Stay well. Exercise the vocal chords often. Send money---lots of it if possible
Rome wasn't built in a day you know!
